Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I have been on my compounded medication for  
approximately three years after having a total hysterectomy  
and had been on synthetic hormones after causing eventually  
and increase in my fibrocystic breast disease which  
caused great concerns with my physicians. Since being on  
my current hormonal therapy my breast disease has gotten  
better. As I live in the state of Indiana, it would be  
disappointing to me if this proposal passed.
